ETABLISSEMENT D'EN FACE

SALES CATALOG 2022

Thirty one years ago, in 1991, the artist-run space Etablissement d'en face was founded in the rue d'Artois near the Brussels South railway station of Brussels. Within the context of Brussels' underdeveloped visual arts culture, the non-institutional and non-commercial exhibition space of Etablissement d'en face was welcomed like an oasis in a desert. As such, it met the demands and necessities of artists and the general public of Brussels, who acknowledged the new initiative from the start by a wide attendance and enduring support.

Thirty one years later, we, the members of Etablissement d'en face decided to produce a sales catalog. The aim is very simple: to sell the artworks in this catalog to secure the future of Etablissement d'en face. All the works in this catalog are from artists who are linked to the past, present and future of our space. They made its rich history, and constitute its complex identity.

We would like to thank the artists for their contributions as well as the galleries, institutions and individuals for their generous support in making this catalog possible.

In the course of 2 days, in the year 2016, six persons were employed from the Brussels employment office to demonstrate the use of six ceramic ashtrays, made by Gijs Milius, in the basement of Etablissement d'en face. Each person was provided with cigarettes of their preference and assigned a personal ashtray. Rotating groups of three would work in shifts during office hours. One of these ashtrays is displayed on the cover of this catalogue. It is for sale for the price of 160 Euros.
